THE BATTLE OF LA QUASINA.

Sixteen of Our Men Killed-Spanish Put to Flight With Heavy Loss.

Kingston, Jamaica, June 27 .- Later reports from Juragua, Cuba, brought by a newspaper dispatch boat, give details of fast Friday's fight at La Quasina, when 16 of our seldiers were killed and some 60 wounded or missing. The Spanish ready 37 Spanish dead have been found and buried, while many other bodies are undoubtedly lying in the thick un-

fect an ambuscade as was ever formed in the brain of an Apache Indian was prepared, and Lieutenant Colonel Roosevelt and his rough riders walked squarely into it. For an hour and a half they held their ground under a perfect storm of bullets from the front and sides, and then Colonel Wood at the right and Lieutenant Colonel Rooseveit at the left led a charge which turned the tide of battle and sent the enemy flying over the hills toward Santiago.

General Young commanded the expedition, and was with the regulars, while Colonel Wood directed the operations of the rough riders several miles west.

A complete list of the Americans killed is as follows: Captain Allyn K.

Capron, Sergeant Hamilton Fish, Jr., Sergeant Doherty, Sergeant Marcus Russell, Privates Leggett, Harry Heffner, Milden W. Danson, W. T. Irvin, Slennoc, B. Work, Krupp, Stark, Dix, Kelbe and Barlin and Corporal White. Edward Marshall, correspondent of the New York Journal and Advertiser, was seriously wounded. He was shot

in the first firing line, and though the bullet bassed within an inch of his spine and threw him into frequent and terrible convulsions, he continued in his intervals of consciousness to write his account of the fight, and gave it to a wounded soldier to be forwarded to It is probable that at least ten in the

list of wounded will die.

ST. PAUL DEFEATS TERROR.

Rendered Useless Washington, June 29 .- The navy department posted the following bulletin: Captain Sigsbee reports that on Wednesday afternoon, while off San Juan, Porto Rico, he was attacked by a Spanish unprotected cruiser and the Span-ish torpedo boat destroyer Terror. The

Terror made a dash, which was await-

The St. Paul hit the Terror three times, killing one officer and two men and wounding several others. The Terror dropped back under cover

Chickamauga Park, June 29.-The order issued Sunday to equip and pre-pare immediately 15 regiments of the First corps to form an expeditionary force was reveked by Major General Brooke yesterday. This does not change the plan to prepare for an expedition, however, since the revoking order affects more especially the transfers that were named in the former order. It provides further that instead of 15 regiments being equipped and prepared the entire First corps of 27 regiments is to be hastily prepared for active field service. These include the First, Fourth, Fifth, Ninth and Sixteenth Pennsylvania regiments.

Egypt's Warning to Camara. Cairo, Egypt, June 28 .- The Egyptian government has instructed its authorities at Port Said to prevent the 150 stokers engaged there by Admiral Camara for his fleet from embarking on Spanish ships, and has courteously informed Admiral Camara that so deing would be an infringement of the laws of neutrality, which Egypt intends rigerously to observe. Adauz's machinery requires repairs, and Camara has signified his intention ment for \$17,000, and will be used as a of remaining at Port Said for three

WAR NEWS OF THE WEEK.

Commodore Watson to Sail With a

Fleet For Spain's Coast. Washington, June 29.—On Wednes-day of last week Admiral Sampson and General Shafter established direct telegraphic communication with Washtion from Camp McCalla to Playa del Jefferson Ave., and 25rd St., and when Este to be nearer the landing place of call at his office, he will treat you the invading army. As the government controls the cable but little news is allowed to slip through. Both the general and the admiral cabled that the landing of the army was proceeding satisfactorily, with no resistance from the Spaniards. Our war vessels shelled the vicinity before the landing. A dis-patch from Havana states that Captain General Blanco has not decided against the exchange of Hobson and the other Merrimac heroes, but he will not consider such a proposition at present, owing to the knowledge these men have acquired of Cuba's defenses. Mothers of this section who have boys Cuba Libre, at Jacksonville, are offi-cially informed that the health of the camp is excellent, there being but 1 per cent in the hospital, and there are

On Thursday came the news of the landing of General Shafter's full force at Baiquiri, 12 miles from Santiago, which was accomplished without the less of a man and with little or no resistance on the part of the Spaniards, the landing being protected by our warships. Two hundred Americans and 50 Cubans had a skirmish inland with 450 Spaniards. The enemy's flight was shameful. Sixty Spaniards were killed and 16 wounded, besides 16 being captured, including one officer. The Cuban-American loss was two killed and three wounded. President Mc-Kinley's nephews, J. D. Barber and J. F. McKinley, have entered the army as privates in an Ohio regiment. Efforts were made to have them made second lieutenants, but the president declined to use his authority in placing relatives above trained soldiers.
